March 2017

To Parents/Guardians of 7th Grade Students:

This is to notify you that I will begin the State mandated screenings on 7th grade students in April and on a continuing basis until all students have been checked.

The screenings are **Vision, Hearing, Body Mass Index (BMI)** and **Postural**. I will perform the screenings 1:1 in a private area.

If your child wears glasses, they should bring them to the vision screening. You will be notified of vision, hearing, and postural *failures* only. A letter summarizing BMI results are no longer mailed home to parents; instead the results are kept in the individual student's health record. Detailed information about the BMI and Postural screenings are also being posted with this notification.

Please call me if you have any questions or specific concerns about any of the screenings.

Thank you,

Mary Ferranti, RN
Fowler School Nurse
